

Maintenance Technician – Now Hiring

Coyote Howls RV Parks & Campground – Why, Arizona

Coyote Howls is seeking a dependable, self-motivated Park Maintenance Person to help keep our facilities safe, clean, and welcoming for residents and visitors. This position is ideal for someone who enjoys working outdoors, solving problems, and taking pride in maintaining a unique desert campground environment.

Position Overview

The Park Maintenance Technician performs a wide range of tasks including facility upkeep, grounds maintenance, repairs, vehicle maintenance and support for park operations. This role interacts with the public in a friendly, professional manner.

Responsibilities would include, but are not limited to,

- Performing routine maintenance on park buildings, vehicles, restrooms, and common areas
- Maintain grounds
- Assist with basic plumbing tasks, and minor electrical work
- Operate and maintain small equipment, vehicles and tools
- Respond to maintenance requests and safety concerns promptly
- Support seasonal projects and campground preparations
- General maintenance or handyman experience preferred
- Ability to work independently and manage daily tasks
- Comfortable working outdoors in desert conditions
- Basic knowledge of tools, equipment, and safe work practices
- Good communication and customer-service skills
- Must be reliable, punctual, and able to lift 50 lbs
- Must be able to work in a team environment

Schedule & Compensation

- Part time, seasonal position, with possible summer project work
- Minimum wage to start with advancement opportunities

How to Apply

Submit your resume and brief cover letter of your experience, in person at the park office at
255 S Highway 86, Why AZ 85321,

Or by email to whydwid@whydwidaz.gov

Applications will be accepted until December 29, 2024. The posting may close earlier if enough qualified applications are received. Early submission is encouraged. Applications will be reviewed on a rolling basis, and interviews may be conducted prior to the closing date.
